Annex A: CAF Prospect Survey

Canadian Armed Forces Prospect Survey

The Canadian Armed Forces (CAF) invites you to take part in the Canadian Armed Forces Prospect Survey. The survey asks about your interest in a career in the CAF. It also asks about what inspired you to visit the Canada.ca/forces-jobs website and how you view different aspects of a potential military career.

The results of the survey will be used to improve our marketing. It will also collect non-identifiable data on what type of person is interested in the CAF. The survey is for research purposes ONLY and is NOT related to the application process.

The survey will take approximately 5 minutes to complete.

The survey is voluntary and ANONYMOUS.

Your name is not required and in no way can your answers be linked back to you.

- All information you provide in the survey will be kept strictly CONFIDENTIAL on secure Canadian servers.
- Only grouped answers will be reported (e.g., average age of respondents).
- You may also stop taking the survey at any point. In addition, you may skip any questions that you do not wish to answer. However, the first question is required because your answer will determine what question you will see next.
- There are no expected risks for individuals participating in this study.

Access to Information: The Department of National Defence/CAF are committed to keeping personal information secure. However, under the Access to Information Act and The Privacy Act, Canadian citizens may ask for copies of research reports and data (including the database for this project) held in Federal government files. Prior to releasing such information, the Directorate of Access to Information and Privacy (DAIP) screens it to make sure that individual identities are not made known.

This survey is conducted by the Department of National Defence and the Canadian Armed Forces, and was approved by the Director General Military Personnel Research and Analysis, Social Science Research Review Board, in accordance with DAOD 5062-0 and 5062-1. The SSRRB approval # is 1562/16F.
