CORPORATE DONORS

Myocarditis Foundation (https://www.myocarditisfoundation.org) > Supporters & Donors (https://www.myocarditisfoundation.org/supporters/) > Corporate Donors

Corporate Donors

The work of the Myocarditis Foundation wouldn't be possible without the unwavering support of generous corporations and businesses. We thank them not only for their commitment to the Myocarditis Foundation, but also for raising awareness within their own communities of myocarditis, a disease that causes inflammation of the heart and may lead to sudden death.

Through the support of corporate donors, we're able to fund research and awareness programs that meet our ultimate mission of saving more lives. If you're interested in teaming up with the Myocarditis Foundation, contact us today.

- Corporate donors, like you, play a vital role in the education of medical professionals, patients and their families about this potentially fatal disease. [\(https://twitter.com/myocarditisfoundation/\)](https://twitter.com/myocarditisfoundation/)
