As the leading agencies for pandemic response nationally and internationally, both PHAC and WHO are continuously reviewing the evolving scientific evidence regarding COVID-19 and the effectiveness of various measures. These reviews are used to form their guidance, position statements, and other documents all of which are in the public domain.

The Government of Canada's resources, including COVID-19 guidance documents, are available at <https://www.canada.ca/en/public-health/services/diseases/coronavirus-disease-covid-19.html>

The WHO's resources, including COVID-19 technical guidance, are available at <https://www.who.int/emergencies/diseases/novel-coronavirus-2019>

The Department of Health and Wellness Public Health Branch continues to be in ongoing contact with PHAC and WHO as evidence has evolved throughout the pandemic.
