About

I have been in the Ostrich Industry since 1991. My business partner Dave Bilinski and I are the leaders in Canada in the industry. Our parent company Universal Ostrich Farms Inc. sells breeders to other farms and teaches them how to incubate, hatch and raise the ostrich. Each producer that comes into our group gets a five year contract from Omega Ostrich Inc. a subsidiary company of Universal Ostrich. Omega Ostrich buys all the yearlings produced by the farmers in our group at \$3.00 a pound live weight. Omega Ostrich processes and distributes all products of the ostrich. Omega sells all its oil to ONU Body Care Inc. another subsidiary company of Universal Ostrich. ONU Body Care Inc. has a specialized skin care line helping many skin conditions and over all good skin cell health. I am also a director in the Alberta and Canadian Ostrich Association trying to keep in touch with the producers and markets in Canada. We have 80% of the breeder ostrich within our group in Canada. We are presently working on building a Federal processing plant dedicated to ostrich and with oil rendering division. We also partnered with Bizarre Bites our pet company dedicated to ostrich pet products including food, pet treats and health products. 2019 is a very exciting year for all of us and we are definitely making a strong presence in the ostrich industry and world markets.

We are now working with Ostrich Antibodies and Ostrich Pharma USA. These amazing animals have one of the best immune systems of any land animal. 1 Ostrich egg is the same as 800 rabbits worth of antibodies and we do NOT hurt any animals as we get these amazing antibodies from their eggs! We are producing Natural Antibodies helping to make curative products! We are so blessed to have this opportunity and to be able to work with some very amazing people! Not to mention our loving ostrich family of 500 and growing! We are making the world a better place, one egg at a time!!

We have been in a battle to save our ostrich family for over a month now from CFIA killing all of them. Ducks flew onto our farm on their migratory path to Mexico and brought a H5N1 virus. This battle has gone on for 52 days now since we have been quarantined and 35 days no Avian deaths. We are over the contaminated stage of 2 to 14 days according to CFIA's site. Our birds have hit herd immunity 34 days ago and are happy and healthy. One complete side of our farm had no sign ...more

Experience

Co-Owner

Struthio BioScience Inc. · Permanent Full-time
Apr 2021 - Present · 4 yrs 2 mos
British Columbia, Canada · On-site

I am working with the leaders in the world exclusively creating Natural Antibodies utilizing the amazing immune system of the Ostrich. (...see more

Owner (President)

Universal Ostrich Farms Inc. · Self-employed
May 2001 - Present · 24 yrs 1 mo
Edgewood, B.C.

I have been in the Ostrich Industry for 30 plus years now and work with incubating, hatching, raising of chicks, breeder care and product manufacturing and distribution. Consistently producing top quality products (meat, oil, hides, eggs and feathers) We are presently producing Neutralizing COVID 19 Antibodies. These amazing antibodies also cover any variants that come along. We are working hard to find the right company to put these antibodies into a nasal spray. Very Very proud of our work
